

HIRING

Front-end Developer – INTERNSHIP

Presentation of the Startup

GridNex is a cloud gaming company that allows you to play your favourite games without a need for a high-performance hardware on one side.

Gridnex allows people who don't have a game console and powerful hardware to be able to enjoy their favourite games on their existing devices. No need for big investments, just small monthly fee to play time to time.

In addition, even those who have a bit more powerful computer can stop worrying and constantly upgrading their existing machines to get enough powers.
