

## UI/UX intern

### End of study internship INTERNSHIP

#### *Presentation of the Startup*

**SQOIN is a blockchain & cryptocurrency tech startup.**

**We work on Blockchain based business cases as well as software development .**

**Our product consists of a crypto payment gateway that helps companies make online token exchanges with a fast and easy software package tailored for African needs and mobile payment features. We are now focusing on social impact value transfer systems and decentralised finance use cases.**

**We have the ambition to be one of the best blockchain enablers for businesses in Africa.**

#### *Job Description*

We are looking for a UI/UX Designer to turn our software into easy-to-use products for our clients.

UI/UX Designer responsibilities include gathering user requirements, designing graphic elements and building navigation components. To be successful in this role, you should have experience with design software and wireframe tools.

You'll work in an environment full of projects that needs to be shaped. We work with UK based partners.
