

HIRING

## **Front End Developer – INTERNSHIP**

### ***Presentation of the Startup***

**Study.tn is a Tunisian online marketplace for video based courses. At study you can learn anything you want at the comfort of your house or on the go.**

### ***Job Description***

We are seeking an intern to handle the front end design of the upcoming new features in the website.

### ***Skills & Qualifications***

We'd like to have someone who has some experience with front end technologies such as bootstrap and various javascript frameworks.

Knowledge in backend (php and codeigniter framework) is recommended.

**Send your resume to [jobs@study.tn](mailto:jobs@study.tn)**
